everything under the same roof

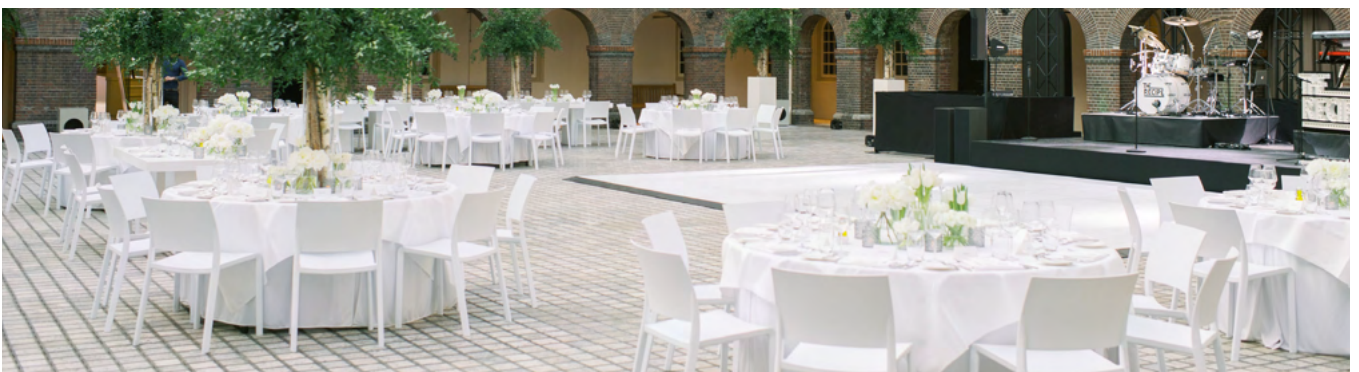

From wedding ceremony to reception, and from dinner to party. Every aspect of your wedding day can be arranged by our team. Let your guests welcome you when you arrive by boat on our private jetty or floating terraces. You can have a unique photoshoot in the countless inspiring spaces of The National Maritime Museum, while you treat your guests to a museum visit. The historic setting, the central location at the water in the centre of Amsterdam, and the excellent quality of our own kitchen gives your wedding day that special glow!

enchancing location

The Open Courtyard is a magical space. The spectacular glass roof has 868 lights. We can create every ambiance underneath the starry sky for a sparkling dinner or unforgettable party. The three beautiful, historic Chambers with high ceilings are very suitable for a ceremony, reception, dinner and party. The chambers can be deployed separately or all together for small or large companies. In the case of sunny weather it's possible to have the reception outside to our floating terraces on the water.

catering

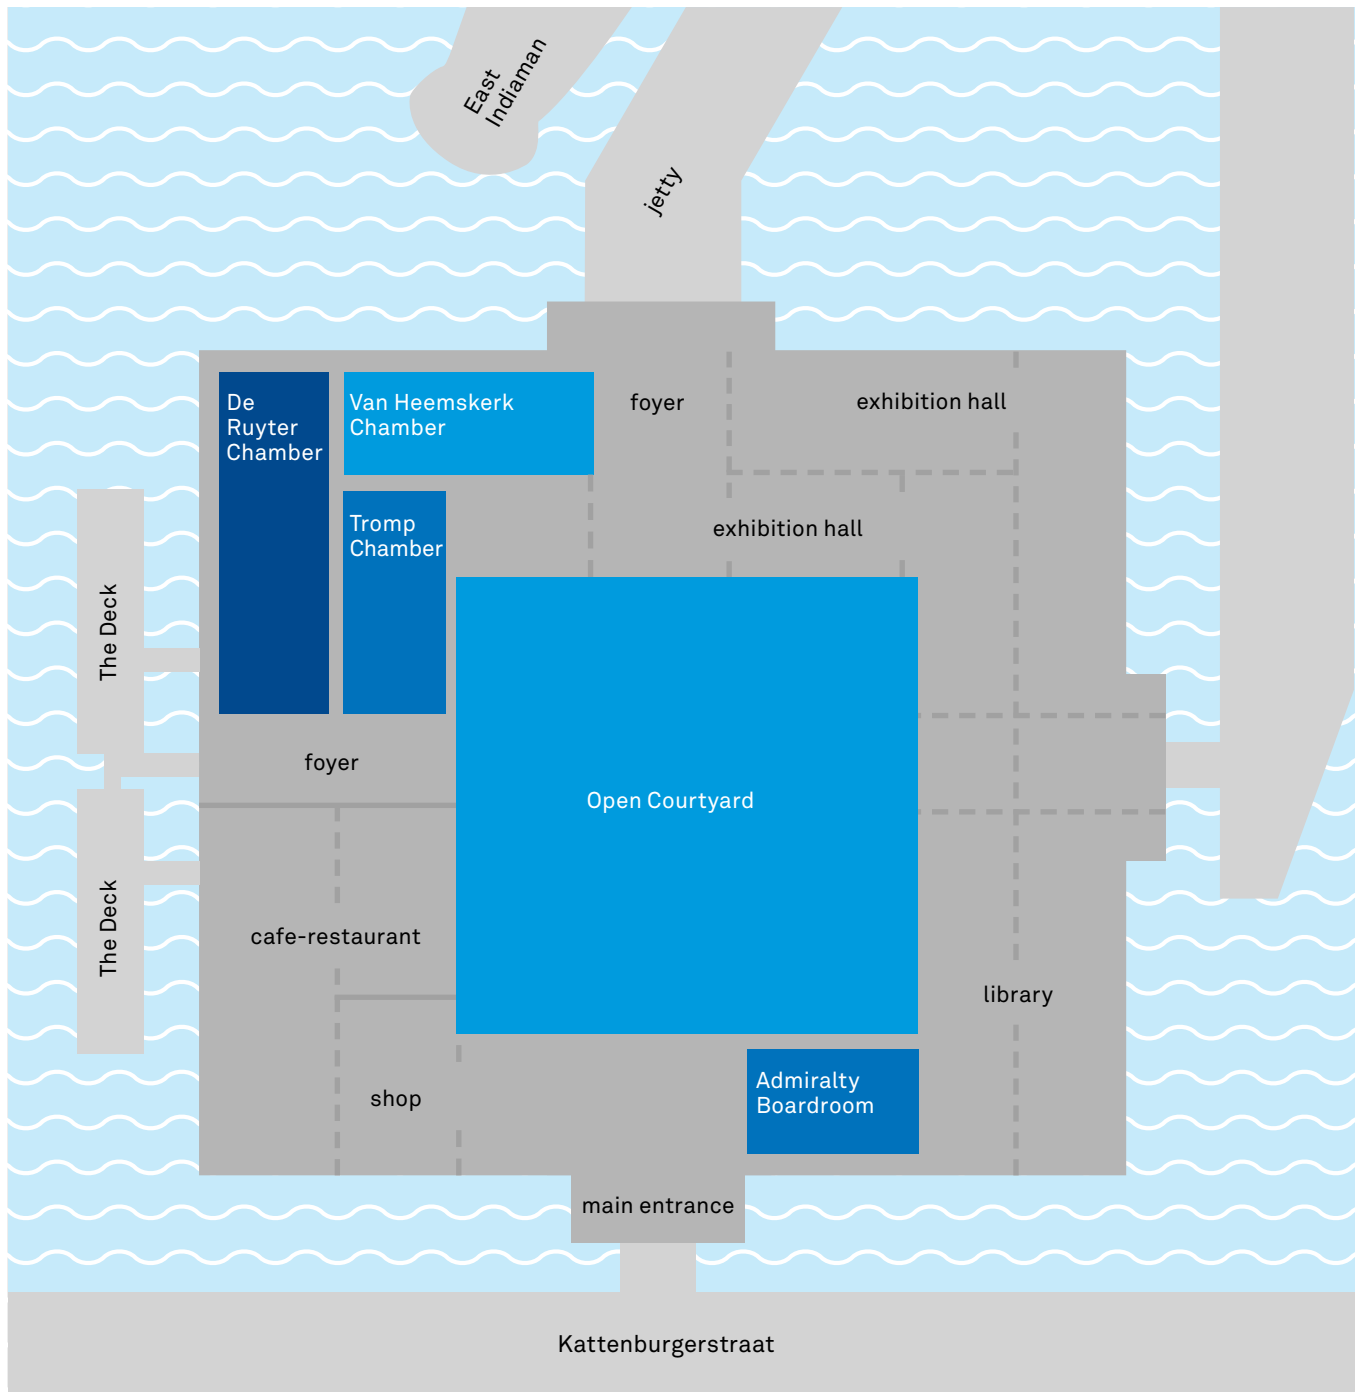

The National Maritime Museum features various catering packages for your wedding day. From the biscuit with your coffee, the smoked fish at lunch, the colorful appetizers during the aperitif and the luxury dishes at dinner, all is freshly made in our own kitchen on a daily basis. The chef works according to the Dutch Cuisine movement: beautiful regional and seasonal products inspired by our own Dutch food and culture. To let the catering meet up to your wishes as much as possible, it is also possible to work with our preferred caterer; Select Catering.
